The study of Prerogative and accommodation, relationships of acknowledgment and accommodation, those of assertion and denial, but the conversational, the relationship between them are not explanatory. And I call these different manners of thinking and communication and historical or scientific inquiry and religious faith, philosophical reflection, artistic reflections, represented in moral and practical endeavor, activities, represented in moral and practical endeavor, the civilization may be regarded as a conversation being carried...
Renewal

- Revising
- Rescuing
- Making more intelligible
- Resealing
- Reshaping
- Reconsidering
- Repainting where has been corrected.
- Collecting together what has been dispensed.
- Resoring what has been neglected.
- Recovering what has been lost.

voices.

Adventurism is impossible in the absence of a diversity of presence of ideas or another order. It is an intellectual combustible, not by being brought into conflict with other combustibles, but by being kindled by the certainties of some other. It may differ without disagreement in conversation, facts, and conclusions to which no one is or can be adhered. There is no issue to be discovered, no inquiry or debate; there is no truth to be discovered in an agreement or dispute.
