Course Information

Description

This course prepares future secondary classroom teachers to understand how students with exceptionalities learn and to use basic strategies for meeting their educational needs. Participants will identify the way individuals differ, the exceptionalities defined in the Individuals with Disabilities Education Act, strategies to instruct students with various learning needs, curricular adaptations and accommodations for students with disabilities, and ways to collaborate with parents and professionals.

Prerequisites

Admission to Secondary Education program or consent of instructor.

Learning Outcomes

Sensitivity
Demonstrate sensitivity to individuals with disabilities.

**Effects of Diversity**

Describe the effects of cultural, ethnic, and language diversity on the education of individuals with disabilities.

**IEP**

Describe the steps in the Individual Education Program (IEP) process, including Individualized Transition Plans for students aged 14-22.

**Research-supported Methods**

Use research-supported methods for academic instruction of individuals with disabilities including explicit instruction, learning strategies, task analysis, and active participation.

**Models and Strategies of Consultation**

Describe models and strategies of consultation and collaboration including co-planning and co-teaching.

**Definitions and Descriptions of Legal Structure**

Define special education and describe the legal structure of services for individuals with disabilities, including the Individuals with Disabilities Education Act (IDEA).

**Personal Philosophy**

Develop a personal philosophy of special education which includes an understanding of the implications of Least Restrictive Environment as defined in IDEA.

**Classroom Management Theories**

Demonstrate knowledge of basic classroom management theories and an understanding of teacher attitudes and behaviors that influence behavior of individuals with exceptional learning needs.

**High and Low Incidence Disabilities**

Describe the characteristics and educational implications of students with high and low incidence disabilities.
General Curriculum

Demonstrate ability to identify and prioritize areas of the general curriculum and provide accommodations for individuals with exceptional learning needs

Grading Policy

Assignments are due at the beginning of class. Late assignments are worth 50% of the total points earned for up to a week after the due date. Assignments submitted later than one week after the due date will not be accepted.

Please remember teacher candidates must have grades of C or better and a total BYU GPA of 3.0 in all courses required for a teaching major to be recommended for licensure in Utah. Students must meet these requirements to be admitted to and retained in a teaching major and to student teach. If students do not meet the requirements, they may change their major or retake courses until they meet the requirements.

Participation Policy

The class sessions are designed with you in mind. Please plan to attend each of them and to participate actively in the problem solving activities. You will complete several in-class assignments that will count toward your grade. You will work in cooperative teams throughout the semester. Your participation in
these teams will be valued. It is important to share your experiences and insights.

**Attendance Policy**

Come to class every day and be prepared.

Complete 12 observation hours

Due: Monday, Feb 22 at 11:59 pm

You will be required to complete 12 hours of observation in the school. 
You must complete 8 hours in a secondary education classroom. The classroom must be taught by a general education teacher and must include students without disabilities. It must also include at least one student with a disability.
You have the option to complete 4 hours in a volunteer experience of your choice with a person with a disability. The person can be of any age. You can complete these hours in a special education classroom if you choose, but it is not required.
You must complete 9 hours to pass the course. If you complete 9-11 hours you will lose 5 points of your final course grade for each hour you do not complete.
Please submit a log of the hours you completed including the date, time, and location where you completed your hours. In addition, write a brief summary 1-2 paragraphs describing how this experience has impacted your perception of disability.

CPSE 402 Final Exam

Due: Wednesday, Feb 24 at 11:59 pm

This is a closed book closed note final exam. Please plan to take the final exam in one sitting. I would strongly advise that you type your answers to the essay questions into a word document and cut and paste them into learning suite. This will resolve any issues that might occur with Learning Suite. Please delete your final exam questions in the word doc once you know your grade has been submitted. Good luck and email me at cade_charlton@byu.edu with any questions you have.

University Policies

Honor Code

In keeping with the principles of the BYU Honor Code, students are expected to be honest in all of their academic work. Academic honesty means, most fundamentally, that any work you present as your own must in fact be your own work and not that of another. Violations of this principle may result in a failing grade in the course and additional disciplinary action by the university. Students are also expected to adhere to the Dress and Grooming Standards. Adherence demonstrates respect for yourself and others and ensures an effective learning and working environment. It is the university’s expectation, and every instructor’s expectation in class, that each student will abide by all Honor Code standards. Please call the Honor Code Office at 422-2847 if you have questions about those standards.

Sexual Misconduct

As required by Title IX of the Education Amendments of 1972, the university prohibits sex discrimination against any participant in its education programs or activities. Title IX also prohibits sexual harassment-including sexual violence-
committed by or against students, university employees, and visitors to campus. As outlined in university policy, sexual harassment, dating violence, domestic violence, sexual assault, and stalking are considered forms of "Sexual Misconduct" prohibited by the university.

University policy requires any university employee in a teaching, managerial, or supervisory role to report incidents of sexual misconduct that come to their attention through various forms including face-to-face conversation, a written class assignment or paper, class discussion, email, text, or social media post. If you encounter sexual misconduct, please contact the Title IX Coordinator at t9coordinator@byu.edu or 801-422-2130 or Ethics Point at https://titleix.byu.edu/report-concern or 1-888-238-1062 (24-hours). Additional information about Title IX and resources available to you can be found at http://titleix.byu.edu.

**Student Disability**

Brigham Young University is committed to providing a working and learning atmosphere that reasonably accommodates qualified persons with disabilities. If you have any disability which may impair your ability to complete this course successfully, please contact the University Accessibility Center (UAC), 2170 WSC or 422-2767. Reasonable academic accommodations are reviewed for all students who have qualified, documented disabilities. The UAC can also assess students for learning, attention, and emotional concerns. Services are coordinated with the student and instructor by the UAC. If you need assistance or if you feel you have been unlawfully discriminated against on the basis of disability, you may seek resolution through established grievance policy and procedures by contacting the Equal Employment Office at 422-5895, D-285 ASB.

**Academic Honesty**

The first injunction of the Honor Code is the call to "be honest." Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life's work, but also to build character. "President David O. McKay taught that character is the highest aim of
education” (The Aims of a BYU Education, p.6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim. BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, which may not be a violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is completely contrary to the established practices of higher education where all members of the university are expected to acknowledge the original intellectual work of others that is included in their own work. In some cases, plagiarism may also involve violations of copyright law. Intentional Plagiarism-Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one's own without providing proper attribution to the author through quotation, reference, or footnote. Inadvertent Plagiarism-Inadvertent plagiarism involves the inappropriate, but non-deliberate, use of another's words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply not being sufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether they are providing proper attribution have the responsibility to consult with their instructor and obtain guidance. Examples of plagiarism include: Direct Plagiarism-The verbatim copying of an original source without acknowledging the source. Paraphrased Plagiarism-The paraphrasing, without acknowledgement, of ideas from another
that the reader might mistake for the author's own. Plagiarism Mosaic-The borrowing of words, ideas, or data from an original source and blending this original material with one's own without acknowledging the source. Insufficient Acknowledgement-The partial or incomplete attribution of words, ideas, or data from an original source. Plagiarism may occur with respect to unpublished as well as published material. Copying another student's work and submitting it as one's own individual work without proper attribution is a serious form of plagiarism.
