Course Information

Description

This course prepares future secondary classroom teachers to understand how students with exceptionalities learn and to use basic strategies for meeting their educational needs. Participants will identify the way individuals differ, the exceptionalities defined in the Individuals with Disabilities Education Act, strategies to instruct students with various learning needs, curricular adaptations and accommodations for students with disabilities, and ways to collaborate with parents and professionals.

Prerequisites

Admission to Secondary Education program or consent of instructor.

Learning Outcomes

Sensitivity
Demonstrate sensitivity to individuals with disabilities.

**Effects of Diversity**

Describe the effects of cultural, ethnic, and language diversity on the education of individuals with disabilities

**IEP**

Describe the steps in the Individual Education Program (IEP) process, including Individualized Transition Plans for students aged 14-22.

**Research-supported Methods**

Use research-supported methods for academic instruction of individuals with disabilities including explicit instruction, learning strategies, task analysis, and active participation.

**Models and Strategies of Consultation**

Describe models and strategies of consultation and collaboration including co-planning and co-teaching.

**Definitions and Descriptions of Legal Structure**

Define special education and describe the legal structure of services for individuals with disabilities, including the Individuals with Disabilities Education Act (IDEA).

**Personal Philosophy**

Develop a personal philosophy of special education which includes an understanding of the implications of Least Restrictive Environment as defined in IDEA.

**Classroom Management Theories**

Demonstrate knowledge of basic classroom management theories and an understanding of teacher attitudes and behaviors that influence behavior of individuals with exceptional learning needs.

**High and Low Incidence Disabilities**

Describe the characteristics and educational implications of students with high and low incidence disabilities.
General Curriculum

Demonstrate ability to identify and prioritize areas of the general curriculum and provide accommodations for individuals with exceptional learning needs

Grading Policy

Late assignments are scored 10% late each day.

Participation Policy

The class sessions are designed with you in mind. Please plan to attend each of them and to participate actively in the problem solving activities. You will complete several in-class assignments that will count toward your grade. You will work in cooperative teams throughout the semester. Your participation in these teams will be valued. It is important to share your experiences and insights.

Attendance Policy

Come to class every day and be prepared.

Concurrent Field Experience
Work a minimum of 8 hours with a student with disabilities in a general education secondary school classroom.

Work a minimum of 4 hours in a service opportunity that involves persons with disabilities.

You must complete 9 hours of the field experience to pass the course. Complete all 12 hours to avoid losing points on your final grade.

Service opportunities can be found by contacting the Center for Service at 422-8686 or visiting them online at centerforservice.byu.edu

CPSE 402 Final Exam

Due: Monday, Dec 14 at 11:59 pm
This is a closed book closed note final exam. Please plan to take the final exam in one sitting. I would strongly advise that you type your answers to the essay questions into a word document and cut and paste them into Learning Suite. This will resolve any issues that might occur with Learning Suite. Please delete your final exam questions in the word doc once you know your grade has been submitted. Good luck and email me at darlene_anderson@byu.edu with any questions you have.

**University Policies**

**Honor Code**

In keeping with the principles of the BYU Honor Code, students are expected to be honest in all of their academic work. Academic honesty means, most fundamentally, that any work you present as your own must in fact be your own work and not that of another. Violations of this principle may result in a failing grade in the course and additional disciplinary action by the university. Students are also expected to adhere to the Dress and Grooming Standards. Adherence demonstrates respect for yourself and others and ensures an effective learning and working environment. It is the university's expectation, and every instructor's expectation in class, that each student will abide by all Honor Code standards. Please call the Honor Code Office at 422-2847 if you have questions about those standards.

**Sexual Misconduct**

As required by Title IX of the Education Amendments of 1972, the university prohibits sex discrimination against any participant in its education programs or activities. Title IX also prohibits sexual harassment-including sexual violence-committed by or against students, university employees, and visitors to campus. As outlined in university policy, sexual harassment, dating violence, domestic violence, sexual assault, and stalking are considered forms of "Sexual Misconduct" prohibited by the university.

University policy requires any university employee in a teaching, managerial, or supervisory role to report incidents of sexual misconduct that come to their
attention through various forms including face-to-face conversation, a written class assignment or paper, class discussion, email, text, or social media post. If you encounter sexual misconduct, please contact the Title IX Coordinator at t9coordinator@byu.edu or 801-422-2130 or Ethics Point at https://titleix.byu.edu/report-concern or 1-888-238-1062 (24-hours). Additional information about Title IX and resources available to you can be found at http://titleix.byu.edu.

Student Disability

Brigham Young University is committed to providing a working and learning atmosphere that reasonably accommodates qualified persons with disabilities. If you have any disability which may impair your ability to complete this course successfully, please contact the University Accessibility Center (UAC), 2170 WSC or 422-2767. Reasonable academic accommodations are reviewed for all students who have qualified, documented disabilities. The UAC can also assess students for learning, attention, and emotional concerns. Services are coordinated with the student and instructor by the UAC. If you need assistance or if you feel you have been unlawfully discriminated against on the basis of disability, you may seek resolution through established grievance policy and procedures by contacting the Equal Employment Office at 422-5895, D-285 ASB.

Academic Honesty

The first injunction of the Honor Code is the call to "be honest." Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life's work, but also to build character. "President David O. McKay taught that character is the highest aim of education" (The Aims of a BYU Education, p.6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim. BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Grading Expectations
Teacher Candidates need to earn a B- or higher in all education courses in order to receive a Utah Teaching License. Teacher candidates should plan to put the time and effort into this course in order to receive a B- and meet that requirement. All teacher candidates in this course will not receive an A grade. A grades are given for exceptional performance. Meeting all requirements, completing all coursework, and participating in all class activities does not directly translate into an A grade in this course. Teacher candidates who are working toward an A grade, should plan to demonstrate performance that is beyond the stated requirements for the course.
