**Grading Policy**

All due dates and times are specified in Learning Suite. Assignments that are not turned in by the due date/time will be considered late. Assignments that are late will be dropped a full letter grade beginning after the due date and time. Assignments will be dropped an additional letter grade for each day after. I will grade late assignments when I find the time and can only guarantee that they will be graded by the end of the semester.
Participation Policy
The solutions to the problems that persist in our classrooms and schools require open, honest dialog. Start developing the kinds of interpersonal skills that will help you nurture communication by showing respect to every member of our class, every day. Respectful participation includes thoughtful consideration of other’s opinions, active listening, commenting frequently, and looking for common ground first. Asking relevant questions is one of the best indicators of engagement and participation. The only way you will learn and grow in this class is by challenging our assumptions with an open, inquisitive mind.

Attendance Policy
Students are expected to be on time for the start of class and to participate throughout the scheduled class period. If attendance becomes a problem (i.e., someone starts missing classes), I will adjust a student’s grades to reflect their attendance. If you are going to miss a class, please arrange it with me prior to missing class.

Expectations
1. Attend each class session and actively participate by asking questions, answering questions, making comments, and facilitating the discussion.
2. Complete all assigned readings and assignments prior to the beginning of class.
3. Use your computer for taking notes or reading required course materials only.

Notes
Computers
I prefer to take notes using a computer however, I know that computers can be very distracting. We have a limited time together and a lot to cover. So, I would ask you to delay checking Facebook, Instagram, email, and any other site while instruction/discussion is occurring. If I notice that people are using their computers for things unrelated to class, I will address the issue with the class and may request that you not bring computers to class.
A tool that I have found very helpful is an app called Self Control (https://selfcontrolapp.com/). It allows you to block access to the internet for a predetermined amount of time. If you know that your computer will be a temptation, I recommend using the app. It is free.

Course content and schedule
I reserve the right to make changes to the content and schedule in order to, better address the needs of the students, better address the content, or address conflicts that may arise.

PBIS Topic Presentation

August 10
Due: Thursday, Aug 10 at 8:59 am

Select a topic that you will teach to the class.
Prepare a 30 min presentation on that topic. You need to describe what is happening in PBS related to your topic (e.g., popular interventions, big ideas, the state of the research, the state of practice). The purpose of your presentation is to bring the class up to speed on your topic. You might consider describing how your topic has developed over time (e.g., juvenile justice began as schoolwide, then alternative school settings, then juvenile justice) and what meaningful contributions your topic is making to the field currently.
You will be graded on the content (i.e., do you cover the big ideas on that topic?), your organization (i.e., do the ideas flow from one to the next in a cohesive narrative?), and your presentation (i.e., is the presentation informative and engaging?).
You are welcome to include group activities in your presentation so long as they don't take up more than a total of about 5 min.
You need to send me two research articles on the topic prior to your presentation.
Teach that topic to the class.
Peers will evaluate your performance and that will factor into your grade.
If you have any questions at all, please feel free to call or text.

University Policies

Honor Code
In keeping with the principles of the BYU Honor Code, students are expected to be honest in all of their academic work. Academic honesty means, most fundamentally, that any work you present as your own must in fact be your own work and not that of another. Violations of this principle may result in a failing grade in the course and additional disciplinary action by the university. Students are also expected to adhere to the Dress and Grooming Standards. Adherence demonstrates respect for yourself and others and ensures an effective learning and working environment. It is the university's expectation, and every instructor's expectation in class, that each student will abide by all Honor Code standards. Please call the Honor Code Office at 422-2847 if you have questions about those standards.

Preventing Sexual Misconduct
As required by Title IX of the Education Amendments of 1972, the university prohibits sex discrimination against any participant in its education programs or activities. Title IX also prohibits sexual harassment—including sexual violence—committed by or against students, university employees, and visitors to campus. As outlined in university policy, sexual harassment, dating violence, domestic violence, sexual assault, and stalking are considered forms of "Sexual Misconduct" prohibited by the university.

University policy requires any university employee in a teaching, managerial, or supervisory role to report incidents of sexual misconduct that come to their attention through various forms including face-to-face conversation, a written class assignment or paper, class discussion, email, text, or social media post. If you encounter Sexual Misconduct, please contact the Title IX Coordinator at t9coordinator@byu.edu or 801-422-2130 or Ethics Point at https://titleix.byu.edu/report or 1-888-238-1062 (24-hours). Additional information about Title IX and resources available to you can be found at http://titleix.byu.edu.

Student Disability
Brigham Young University is committed to providing a working and learning atmosphere that reasonably accommodates qualified persons with disabilities. If you have any disability which may impair your ability to complete this course successfully, please contact the University Accessibility Center (UAC), 2170 WSC or 422-2767. Reasonable academic accommodations are reviewed for all students who have qualified, documented disabilities. The UAC can also assess students for learning, attention, and emotional concerns. Services are coordinated with the student and instructor by the UAC. If you need assistance or if you feel you have been unlawfully discriminated against on the basis of disability, you may seek resolution through established grievance policy and procedures by contacting the Equal Employment Office at 422-5895, D-285 ASB.
