Course Information

Description

This course prepares future secondary classroom teachers to understand how students with exceptionalities learn and to use basic strategies for meeting their educational needs. Participants will identify the way individuals differ, the exceptionalities defined in the Individuals with Disabilities Education Act, strategies to instruct students with various learning needs, curricular adaptations and accommodations for students with disabilities, and ways to collaborate with parents and professionals.

Prerequisites

Admission to Secondary Education program or consent of instructor.

Learning Outcomes

Sensitivity
Demonstrate sensitivity to individuals with disabilities.

**Effects of Diversity**

Describe the effects of cultural, ethnic, and language diversity on the education of individuals with disabilities

**IEP**

Describe the steps in the Individual Education Program (IEP) process, including Individualized Transition Plans for students aged 14-22.

**Research-supported Methods**

Use research-supported methods for academic instruction of individuals with disabilities including explicit instruction, learning strategies, task analysis, and active participation.

**Models and Strategies of Consultation**

Describe models and strategies of consultation and collaboration including co-planning and co-teaching.

**Definitions and Descriptions of Legal Structure**

Define special education and describe the legal structure of services for individuals with disabilities, including the Individuals with Disabilities Education Act (IDEA).

**Personal Philosophy**

Develop a personal philosophy of special education which includes an understanding of the implications of Least Restrictive Environment as defined in IDEA.

**Classroom Management Theories**

Demonstrate knowledge of basic classroom management theories and an understanding of teacher attitudes and behaviors that influence behavior of individuals with exceptional learning needs.

**High and Low Incidence Disabilities**

Describe the characteristics and educational implications of students with high and low incidence disabilities
General Curriculum

Demonstrate ability to identify and prioritize areas of the general curriculum and provide accommodations for individuals with exceptional learning needs

Grading Policy

Assignments are due at the beginning of class. Late assignments are worth 50% for up to a week. After a week late assignments will not be accepted. Some assignments are completed during class. If you are absent you will not be able to make up the missed work. In the case of university excused absences speak to the professor.

Participation Policy

The class sessions are designed with you in mind. Please plan to attend each of them and to participate actively in the problem solving activities. You will complete several in-class assignments that will count toward your grade. You will work in cooperative teams throughout the semester. Your participation in these teams will be valued. It is important to share your experiences and insights.

Attendance Policy
Students are expected to attend each class. **Attendance will be taken at the beginning of each class. Points are given for being on time to class and staying until class is over.** At the discretion of the instructor a student’s final grade may be lowered if the student has excessive non-university excused absences or tardies. This will be done on a case by case basis. It is the student’s responsibility for documenting any university excused absences. University excused absences will not count against a student. Emailing the instructor before class letting them know you will not be in class does not make the absence excused.

**Complete 12 observation hours**
Due: Tuesday, Oct 18 at 11:59 pm

You will be required to complete 12 hours of observation in the school. You must complete 8 hours in a secondary education classroom. The classroom must be taught by a general education teacher and must include students without disabilities. It must also include at least one student with a disability.

You have the option to complete 4 hours in a volunteer experience of your choice with a person with a disability. The person can be of any age. You can complete these hours in a special education classroom if you choose, but it is not required.

**You must complete 9 hours to pass the course.** If you complete 9-11 hours you will lose 2 points of your final course grade for each hour you do not complete.

Please submit a one page single spaced description of your experience and a log that includes, the dates, times, locations and cooperating teacher(s).

Use this link to sign up for a teacher (you will need to contact the teacher to make sure they are available and willing to have you)-

**University Policies**
Honor Code

In keeping with the principles of the BYU Honor Code, students are expected to be honest in all of their academic work. Academic honesty means, most fundamentally, that any work you present as your own must in fact be your own work and not that of another. Violations of this principle may result in a failing grade in the course and additional disciplinary action by the university. Students are also expected to adhere to the Dress and Grooming Standards. Adherence demonstrates respect for yourself and others and ensures an effective learning and working environment. It is the university’s expectation, and every instructor’s expectation in class, that each student will abide by all Honor Code standards. Please call the Honor Code Office at 422-2847 if you have questions about those standards.

Sexual Misconduct

As required by Title IX of the Education Amendments of 1972, the university prohibits sex discrimination against any participant in its education programs or activities. Title IX also prohibits sexual harassment-including sexual violence-committed by or against students, university employees, and visitors to campus. As outlined in university policy, sexual harassment, dating violence, domestic violence, sexual assault, and stalking are considered forms of "Sexual Misconduct" prohibited by the university.

University policy requires any university employee in a teaching, managerial, or supervisory role to report incidents of sexual misconduct that come to their attention through various forms including face-to-face conversation, a written class assignment or paper, class discussion, email, text, or social media post. If you encounter Sexual Misconduct, please contact the Title IX Coordinator at t9coordinator@byu.edu or 801-422-2130 or Ethics Point at https://titleix.byu.edu/report or 1-888-238-1062 (24-hours). Additional information about Title IX and resources available to you can be found at http://titleix.byu.edu.

Student Disability
Brigham Young University is committed to providing a working and learning atmosphere that reasonably accommodates qualified persons with disabilities. If you have any disability which may impair your ability to complete this course successfully, please contact the University Accessibility Center (UAC), 2170 WSC or 422-2767. Reasonable academic accommodations are reviewed for all students who have qualified, documented disabilities. The UAC can also assess students for learning, attention, and emotional concerns. Services are coordinated with the student and instructor by the UAC. If you need assistance or if you feel you have been unlawfully discriminated against on the basis of disability, you may seek resolution through established grievance policy and procedures by contacting the Equal Employment Office at 422-5895, D-285 ASB.
