Grading Policy

Assignments are to be handed by the beginning of class on the due date designated by the instructor. (This applies in the case of absences, also.) In the real world, late work is not accepted. However, if there is an emergency, you may submit the assignment up to 5 days late for half credit. Please contact the TA and professor if you have extenuating circumstances. No assignments will be accepted after the last day of class.

Participation Policy

We hope that all students enrolled in this course will achieve desired results. Students who have been successful in this course attend class, read the lessons, and complete assignments on time. Completing work on time is especially important. Typically, this is a busy semester for students. If you get behind early in the semester, it becomes increasingly difficult to catch up. Turn in work on time.

Students who contact me when they encounter problems completing assignments or attending class, work with me to resolve problems. We are willing to work with students who proactively manage their learning experience.

Attendance Policy

Students are expected to attend every class period, stay the full duration and be on time.

Disability Awareness Assignment

Due: Wednesday, Jan 24 at 3:00 pm

Complete ONE of the following (you choose):
1. Family history analysis.
2. Personal interaction analysis.

Analysis of Personal History

Summary of your inquiry

Most families have members who were born with obvious challenges, who were identified by the schools with a disability or disorder, or who became disabled in childhood or adulthood through physical or mental illness, accident, injury or aging. The purpose of this task is for you to learn more about those individuals and the history of your family’s response to those persons. Interview your parents, grandparents, and other older relatives to find out as much as you can about these family members.

If you have a good relationship with a family member who has a disability or has a child with a disability, you might choose to interview them about the impact of that disability on their lives, their hopes, their dreams, their nightmares, their challenges. Or you might choose to spend some time with them and reflect on what you learned that ties in with this class.

If you were identified as a student with a disability or were born with a significant physical difference or medical problem, you might choose to have a conversation with your parents about what it was like for them at the time you were identified and how they advocated for you and for themselves.
Provide a concise, clear summary of how you went about your inquiry including dates, times, persons interviewed or interacted with, methods for inquiry, questions asked, and what you learned. (4 points)

Reflection
Provide a well-developed reflection on your inquiry and analysis of your findings.

1. Describe your emotional, intellectual and behavioral responses to the exercise. How did the interview make you feel? What did it make you think? What did you want to do after conducting this interview?
2. What has been discussed in class that ties into what you learned in the interview? Make direct reference to how you have integrated new understandings and made connections with class lectures, discussions, readings, and in-class activities.
3. What did you learn about individuals with exceptionalities or cultural/personal response from completing this exercise?
4. How do others in your family view this person with a disability? What is your perception of disabilities? (1.5 point/bullet point)

Your writing should have only minor errors in writing mechanics, including spelling, punctuation, and grammar. Good sentence and paragraph construction should be present. People first language is always used. Times New Roman, 12 pt font, 1 inch margins, double-spaced.

Analysis of Personal Interaction with an Individual with Disabilities

Summary of Interaction
Provide a summary of an interaction with an individual with disabilities that you engaged in or observed. This interaction should have occurred within the last year. Provide information about when and where the interaction took place, who was involved in the interaction, and what happened. Describe the person with a disability that the interaction revolved around. Please use first names only or pseudonyms to protect the confidentiality of those involved.

Reflection/analysis of personal interaction
Describe your initial response to the interaction, and then dig deeper. Reflect on your own personal response to the interaction. What assumptions were challenged? What did you learn from the interaction? Consider how this interaction compares and contrasts with what you are learning about individuals with disabilities.

1. Describe your emotional, intellectual and behavioral responses to the interaction. How did this interaction make you feel? What did it make you think? What did you want to do after this interaction?
2. What has been discussed in class that ties into what you experienced in this interaction and the comments you’ve made? What was your personal reaction to the interaction or connections you made with what you’ve experienced or learned?
3. Do you think people would have a more positive attitude about people with exceptionalities if they interacted with this individual? If so, explain why? What negative attitudes or beliefs about people with disabilities do you think might be subtly or not so subtly reinforced?
4. What did you learn about individuals with exceptionalities from this interaction? What is your perception of disabilities?
5. Did you notice other peoples’ reactions to this person? What were their perceptions of this person with a disability? (2 points/bullet point)

Your writing should have only minor errors in writing mechanics, including spelling, punctuation, and grammar. Good sentence and paragraph construction should be present. People first language is always used. Times New Roman, 12 pt font, 1 inch margins, double-spaced.

Analysis of Children’s Literature*

*For this assignment, a list of children’s literature that includes characters with disabilities can be found here: http://riyl.wikispaces.com/file/view/Booklist-Disabilities.pdf
Please review one of the books on the list provided.

**Summary of Analysis**

The purpose of this assignment is to analyze how individuals with disabilities are portrayed in children’s literature. Read the book and briefly summarize the plot. Using what you are learning about specific disabling conditions, analyze whether the information presented is correct. Reflect on how this book impacts your perception of disabilities and determine if this book would be appropriate for a disability awareness lesson in your classroom.

**Analysis**

Your analysis should include the following:

1. The title and author of the book.  
4. Analyze whether the information presented about the disabling condition is accurate. Be specific in providing examples from the book and comparing the information in the book with information available about the disabling condition. **(2 points)**
5. Discuss how this book would influence children’s perceptions of disability. **(2 points)**
6. Describe how you would use this book to teach about disabilities. Would you use this book in your class? If you would, explain why. If not, explain your reasons for not using the book. **(2 points)**

Your writing should have only minor errors in writing mechanics, including spelling, punctuation, and grammar. Good sentence and paragraph construction should be present. People first language is always used. Times New Roman, 12 pt font, 1 inch margins, double-spaced.

Church Accommodation Assignment

Due: Wednesday, Mar 21 at 3:00 pm

Please select one of the two case studies below, and write a one page response on how you could best support the needs of the leaders and parents. Be sure to cite two of the provided references. Include two specific accommodations, techniques, or attitudes from your cited references that could be used in the scenario as you formulate your response.

Case Study #1:
A Primary President comes to you with concerns about a child named Jose in Sunbeams who has recently been diagnosed with Autism. In his last ward, his parents were asked to just stay with him in nursery at all times. In his new ward, the parents and his leaders would like to see him more fully integrated with his peers without having to have his parents right beside him. Jose gets easily over stimulated with noises and people, he struggles with sitting in his seat longer than a few minutes at a time, gets extremely bothered when things interrupt the typical routine and has a tendency to throw small objects because he likes to watch as they move through the air.

The Primary President has a background in Journalism and does not even know where to begin on how to work with a child with a disability. She has come to you because of your training in education at Brigham Young University. She would like to know what she could do to help Jose successfully access Primary to his fullest extent possible.

OR

Case Study #2:
A Primary President comes to you with concerns about an 8 year old child named Sterling who has difficulty reading and is frequently disruptive in class. In his last ward, his parents were asked to just stay with him through their meeting times. In his new ward, the parents and his leaders would like to see him more fully integrated with his peers without having to have his parents with him. Sterling gets bored easily and frequently refuses to read any of the class materials. He makes noises and bothers the kids who sit next to him for the majority of the time.

The Primary President has a background in Journalism and does not even know where to begin on how to work with a child like Sterling. Sterling’s parents are also frustrated, and his mom is frequently seen leaving church crying because she does not know how to handle him and help his primary teacher. The parents and primary president have come to you because of your training in education at Brigham Young University. She would like to know what she could do to help Sterling successfully access Primary to his fullest extent possible.

University Policies

Honor Code

In keeping with the principles of the BYU Honor Code, students are expected to be honest in all of their academic work. Academic honesty means, most fundamentally, that any work you present as your own must in fact be your own work and not that of another. Violations of this principle may result in a failing grade in the course and additional disciplinary action by the university. Students are also expected to adhere to the Dress and Grooming Standards. Adherence demonstrates respect for yourself and others and ensures an effective learning and working environment. It is the university's expectation, and every instructor's expectation in class, that each student will abide by all Honor Code standards. Please call the Honor Code Office at 422-2847 if you have questions about those standards.

Sexual Misconduct

In accordance with Title IX of the Education Amendments of 1972, Brigham Young University prohibits unlawful sex discrimination against any participant in its education programs or activities. The university also prohibits sexual harassment—including sexual violence—committed by or against students, university employees, and visitors to campus. As outlined in university policy, sexual harassment, dating violence, domestic violence, sexual assault, and stalking are considered forms of "Sexual Misconduct" prohibited by the university.

University policy requires all university employees in a teaching, managerial, or supervisory role to report all incidents of Sexual Misconduct that come to their attention in any way, including but not limited to face-to-face conversations, a written class assignment or paper, class discussion, email, text, or social media post. Incidents of Sexual Misconduct should be reported to the Title IX Coordinator at t9coordinator@byu.edu or (801) 422-8692. Reports may also be submitted through EthicsPoint at https://titleix.byu.edu/report or 1-888-238-1062 (24-hours a day).

BYU offers confidential resources for those affected by Sexual Misconduct, including the university's Victim Advocate, as well as a number of non-confidential resources and services that may be helpful. Additional information about Title IX, the university's Sexual Misconduct Policy, reporting requirements, and resources can be found at http://titleix.byu.edu or by contacting the university's Title IX Coordinator.

Student Disability

Brigham Young University is committed to providing a working and learning atmosphere that reasonably accommodates qualified persons with disabilities. If you have any disability which may impair your ability to complete this course successfully, please contact the University Accessibility Center (UAC), 2170 WSC or 422-2767. Reasonable academic accommodations are reviewed for all students who have qualified, documented disabilities. The UAC can also assess students for learning, attention, and emotional concerns. Services are coordinated with the student and instructor by the UAC. If you need assistance or if you feel you have been unlawfully discriminated against on the basis of disability, you may seek resolution through established grievance policy and procedures by contacting the Equal Employment Office at 422-5895, D-285 ASB.
Respectful Environment

"Sadly, from time to time, we do hear reports of those who are at best insensitive and at worst insulting in their comments to and about others... We hear derogatory and sometimes even defamatory comments about those with different political, athletic, or ethnic views or experiences. Such behavior is completely out of place at BYU, and I enlist the aid of all to monitor carefully and, if necessary, correct any such that might occur here, however inadvertent or unintentional. "I worry particularly about demeaning comments made about the career or major choices of women or men either directly or about members of the BYU community generally. We must remember that personal agency is a fundamental principle and that none of us has the right or option to criticize the lawful choices of another." President Cecil O. Samuelson, Annual University Conference, August 24, 2010

"Occasionally, we ... hear reports that our female faculty feel disrespected, especially by students, for choosing to work at BYU, even though each one has been approved by the BYU Board of Trustees. Brothers and sisters, these things ought not to be. Not here. Not at a university that shares a constitution with the School of the Prophets." Vice President John S. Tanner, Annual University Conference, August 24, 2010
