

Changes in the Earth's Surface Rocky Mountain Song Lyrics

Rocky mountain, rocky mountain, rocky mountain high
When you're on that rocky mountain hang your head and cry

Chorus

Do, do, do, do, do remember me
Do, do, do, do, do remember me

Sunny valley, sunny valley, sunny valley low
When you're in that sunny valley sing it soft and slow.

Chorus

Flat plain, flat plain, flat plain green
When you're on the flat plain everything is seen.

Chorus

Island with water, island with water, island with water 'round
When you're on that island you hope a boat is found.

Chorus

Stormy ocean, stormy ocean, stormy ocean wide
When you're on that deep blue sea, there's no place you can hide.

Chorus

Flowing river, flowing river, flowing river fast
When you're on that flowing river look at what you've passed

Chorus

Calm lake, calm lake, calm lake blue
When you're on that calm lake you might go fishing too.

Chorus

Huge glacier, huge glacier, huge glacier cold
When you're on that huge glacier, it's moving, so I'm told.

Chorus

Narrow canyon, narrow canyon, narrow canyon deep
When you're in that narrow canyon, the walls are very steep

Chorus
