Course Information

Description
Most of the information for this course can be found in the BYU Mentored Teaching Experience Handbook. This will be a brief overview of the course, but further information can be found in the handbook.

Purpose and Outcomes of the Practicum
The purpose of Practicum in special education is to begin developing competency and understanding of effective collaboration in the field of special education. ● Prepare master special educators who will provide collaborative leadership to foster moral development and improve learning and social competence of exceptional children with challenging behaviors.
● Add to the knowledge base of special education and related disciplines through research.
● Serve and advocate for learners with individualized educational needs and others who support them.

Grading Policy

Grading Policy:
Submit all written assignments (e.g., lesson plans, reports, goals) in acceptable form (appropriate grammatical usage, paragraph structure, punctuation, and spelling) by scheduled deadlines. Grading will be based on a total point system. Each assignment has a specific amount of points possible. Your final grade will be based on the total points received from all assignments throughout the semester. If an assignment is graded below a desired score, you have the option of correcting and resubmitting it for half the total of missed points. However, you have a maximum of 72 hours (3 days) to resubmit the assignment. You will also need to email us to let us know you resubmitted the assignment.

Late Work Policy:
Due dates for every assignment are provided on the assignments tab and course schedule. Unless otherwise stated, assignments are due on those days. However, I recognize that sometimes “life happens.” In these instances, you may use your allotted two flex days. These days allow you to submit an assignment up to two days late without penalty. You can use these days for any assignment and for any reason. You do not need to provide me with the reason: simply email me and tell me how many of your flex days you would like to use and for what assignment.

Once you’ve exhausted your flex days, then point deductions will occur for any assignment submitted after the deadline. An assignment submitted 24 hours after the due date will only be eligible for 80% of the maximum number of point allotted. Assignments submitted more than 24 hours after the due date will not be accepted. If you experience extenuating circumstances (e.g., you are hospitalized) that prohibit you from submitting your assignments on time,
please let me know. I will evaluate these instances on a case-by-case basis.

See Handbook for further information

**Participation Policy**
See practicum handbook for more information.

**Attendance Policy**

**Attendance**
Attendance Policy for BYU Students in the Practicum

The practicum is 10 to 12 weeks long. The dates for the practicum are outlined in the CPSE 466/7 and CPSE 446/7 course syllabi. BYU Students must follow the school district calendar for all other days. (See Syllabus)

In the case of illness or an emergency that prevents teaching, it is the BYU student's responsibility to notify both the mentor teacher and the university supervisor. For illness or reason(s) which constitute an emergency, BYU students are allowed to miss up to two days but must notify the mentor teacher and the university supervisor. BYU students will need to make up the initial two days missed for approved illness or emergency. BYU students who desire exceptions to this policy must submit requests in writing to the BYU Special Education faculty, and the faculty must come to a joint agreement in order for the exception to be granted. Obtain approval from mentor teacher and university mentor before rescheduling or canceling sessions. Be certain the mentor teacher and university mentor are notified in advance of any anticipated absences.

**NOTE:** You are required to attend every scheduled practicum day. If you cannot attend due to sickness or other emergency, you must make up the attendance hours at another unscheduled time. (When submitting any unscheduled time on Learning Suite, please indicate both the new day/time you are submitting and the original time you are making up for.)

**Punctuality**
Be punctual in arriving at sites for the practicum sessions, meetings, conferences, and consultations.

If you are late to practicum, submit that on learning suite. You will only receive 1 point for that day.

**Holidays and Vacations**
BYU students follow a combination of BYU’s calendar and the School District’s calendar (See Schedules in the course syllabi).

Submit a simplified or scripted Explicit Instruction lesson plan for a whole class. Submit your lesson plan through Learning Suite. You must pass your first lesson with at least 85% accuracy to move on to the simplified lesson plan template.

You can use one of the templates below or create a PowerPoint lesson that has all of the parts of Explicit Instruction included in it. You may also create your own lesson plan template as long as it includes all parts of the EI lesson that you have been taught.

**NOTE:** The simplified lesson plan must still include all parts of the lesson, just not fully scripted. You also do not need to fill out the student response for the simplified lesson plan.

**Templates for scripted or simplified lesson plan:**

- Winter 2024 Explicit Instructional Lesson Plan Template [Download](https://learningsuite.byu.edu/view/vFhU28sUMlka.html#instructorInformation)

You will be graded based on the following rubric. If you have graduated to the simplified lesson plan, you will still need to make sure that all EI components are in your lesson plan, they just do not need to be scripted. **EI Lesson Plan Rubric** [Download](https://learningsuite.byu.edu/view/vFhU28sUMlka.html#instructorInformation)

The end of your placement based on your current levels of expertise. Take a picture of the filled out EDA form and submit it through Learning Suite. You will need to have all of the forms turned in to Learning Suite so that we can see how you were graded in each area.

The points you receive for this assignment will be the score your mentor teacher gives you on the assessment divided by two (e.g., a score of 44 will receive 22 points.)

2 indicates no concerns
1 indicates a developing area that can use improvement
0 indicates an area that needs improvement

You must receive a 43/54 on the final EDA to pass the practicum experience. You also cannot have any area lower than a 1. After dividing the score by 2, 22 is the maximum number of points possible for this assignment, even if you score higher than this.

PAES

Information about the PAES (From BYU EPP website)

BYU PAES Website Link (https://epp.byu.edu/paes)

The PAES is a holistic evaluation system designed to evaluate teacher candidates’ performance across multiple clinical experiences (i.e., practicum, student teaching, internship). The PAES is intended to evaluate candidates’ growth from the beginning of their teacher preparation program through student teaching and graduation. The PAES measures candidates’ knowledge, skills, and professional dispositions across the ten Utah Effective Teaching Standards (UETS) using a four point Likert-scale: Not Effective (0), Beginning (1), Developing (2), and Preservice Effective (3) and two professionalism items using a dichotomous scale of Yes/No. The system asks evaluators to complete both formative assessments and summative evaluations on candidates’ performance while mentoring and coaching them to ensure they are prepared to enter the classroom as a first-year teacher. The PAES is much more than an observation instrument, it is a comprehensive tool for gathering evidence of candidates’ ability to put into practice all the knowledge, skills, and dispositions acquired during their preparation to be a classroom teacher, while providing mentor teachers and university supervisors diagnostic information for mentoring and coaching candidates.

Print the PAES rubric (link below) and give it to your mentor teacher. Review the PAES with your mentor teacher monthly and make goals to address areas of concern. Near the end of your placement have your mentor teacher complete the PAES assessment and take a picture and submit it through Learning Suite. You will need to have all of the forms turned in to Learning Suite so that we can see how you were graded in each area.

Scores range from 0 (not effective) to 3 (preservice effective). A score of 1 is “Beginning” and 2 is “Developing”. Candidates are expected to show an average proficiency at the Developing (2) level (though a student may be marked higher than Developing (2) in certain areas). The passing score will be based on 80% of the expected points. Thus, you could score a 0 or 1 in one or more areas as long as you make up the difference in points in other areas.

To pass the PAES, the following criteria must be met:

- Items 1.1 to 9.2 (20 items): 80% (32 out of 40).
- Items 10.1 and 10.2: must have "Yes" in both.

The points you receive for this assignment will be the score your mentor teacher gives you on the assessment divided by 2 (e.g., a score of 34 will receive 17 points for this assignment). The maximum number of points you can receive for this assignment is still 20, even if your total scores surpass this.
8:00 to 11:30 and were there on time.
If you are late to practicum or leave early, submit that on learning suite. You will only receive 1 point for that day.
NOTE: You are required to attend every scheduled practicum day. If you cannot attend due to sickness or other emergency, you must make up the attendance hours at another unscheduled time. (When submitting any unscheduled time on Learning Suite, please indicate both the new day/time you are submitting and the original time you are making up for.)

University Policies

Honor Code
In keeping with the principles of the BYU Honor Code, students are expected to be honest in all of their academic work. Academic honesty means, most fundamentally, that any work you present as your own must in fact be your own work and not that of another. Violations of this principle may result in a failing grade in the course and additional disciplinary action by the university. Students are also expected to adhere to the Dress and Grooming Standards. Adherence demonstrates respect for yourself and others and ensures an effective learning and working environment. It is the university's expectation, and every instructor's expectation in class, that each student will abide by all Honor Code standards. Please call the Honor Code Office at 422-2847 if you have questions about those standards.

Practicum Policies
See practicum handbook for policies.

Preventing Sexual Misconduct
The health and well-being of students is of paramount importance at Brigham Young University. If you or someone you know has experienced sexual harassment (including sexual violence), there are many resources available for assistance.

In accordance with Title IX of the Education Amendments of 1972, BYU prohibits unlawful sex discrimination, including sexual harassment, against any participant in its education programs or activities. The university also prohibits sexual harassment by its personnel and students. Sexual harassment occurs when

• a person is subjected to unwelcome sexual speech or conduct so severe, pervasive, and offensive that it effectively denies their ability to access any BYU education program or activity;
• any aid, benefit, or service of BYU is conditioned on a person's participation in unwelcome sexual conduct; or
• a person suffers sexual assault, dating violence, domestic violence, or stalking on the basis of sex.

University policy requires all faculty members to promptly report incidents of sexual harassment that come to their attention in any way, including through face-to-face conversations, a written class assignment or paper, class discussion, email, text, or social media post. Incidents of sexual harassment should be reported to the Title IX Coordinator at t9coordinator@byu.edu or (801) 422-8692 or 1085 WSC. Reports may also be submitted online at https://titleix.byu.edu/report (https://titleix.byu.edu/report) or 1-888-238-1062 (24-hours a day).

BYU offers confidential resources for those affected by sexual harassment, including the university's Sexual Assault Survivor Advocate, as well as a number of non-confidential resources and services that may be helpful. Additional information about Title IX, the university's Sexual Harassment Policy, reporting requirements, and resources can be found at http://titleix.byu.edu (http://titleix.byu.edu) or by contacting the university's Title IX Coordinator.

Student Disability
Brigham Young University is committed to providing a working and learning atmosphere that reasonably accommodates qualified persons with disabilities. A disability is a physical or mental impairment that substantially limits one or more major life activities. Whether an impairment is substantially limiting depends on its nature and severity, its duration or expected duration, and its permanent or expected permanent or long-term impact. Examples include vision or hearing impairments, physical disabilities, chronic illnesses, emotional disorders (e.g., depression, anxiety), learning disorders, and attention disorders (e.g., ADHD). If you have a disability which impairs your ability to complete this course successfully, please contact the University Accessibility Center (UAC), 2170 WSC or 801-422-2767 to request a reasonable accommodation. The UAC can also assess students for learning, attention, and emotional concerns. If you feel you have been unlawfully discriminated against on the basis of disability, please contact the Equal Opportunity Office at 801-422-5895, eo_manager@byu.edu, or visit https://hrs.byu.edu/equal-opportunity (https://hrs.byu.edu/equal-opportunity) for help.

Academic Honesty

The first injunction of the Honor Code is the call to "be honest." Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life's work, but also to build character. "President David O. McKay taught that character is the highest aim of education" (The Aims of a BYU Education, p.6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim. BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Devotional Attendance

Brigham Young University's devotional and forum assemblies are an important part of your BYU experience. President Cecil O. Samuelson said, "We have special and enlightening series of devotional and forum assemblies...that will complement, supplement, and enrich what will also be a very productive period in your classrooms, laboratories, and libraries. We look forward to being with you each Tuesday...and hope that you will regularly attend and bring your friends and associates with you...A large part of what constitutes the unique 'BYU experience' is found in these gatherings where the Spirit has been invited and where we have the opportunity to discuss and consider things of ultimate worth and importance that are not afforded to the academic community on almost any other campus" (from the address "The Legacy of Learning", 30 August, 2005). Your attendance at each forum and devotional is strongly encouraged.

Diversity and Inclusion in the Classroom

"Because we feel the depth of God's love for His children, we care deeply about every child of God, regardless of age, personal circumstances, gender, sexual orientation, or other unique challenges" (President Russell M. Nelson, "The Love and Laws of God," September 2019). As a university community we strive to foster an educational environment that promotes the personal dignity of every student and accept individual responsibility to eliminate racism, sexism, and nationalism. Our course participation reflects our understanding that every individual is a child of Heavenly Parents. We create learning environments in which every individual is motivated to express their opinions and perspectives and ask questions to augment discussions and learning. We listen to, learn from, and strive to consider thoughtfully the opinions of others. We use language that is polite, considerate, and courteous—even when we strongly disagree.

Mental Health

Mental health concerns and stressful life events can affect students' academic performance and quality of life. BYU Counseling and Psychological Services (CAPS, 1500 WSC, 801-422-3035, caps.byu.edu) provides individual, couples, and group counseling, as well as stress management services. These services are confidential and are provided by the university at no cost for full-time students. For general information please visit https://caps.byu.edu (https://caps.byu.edu); for more immediate concerns please visit http://help.byu.edu (http://help.byu.edu).

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, which may not be a violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is
completely contrary to the established practices of higher education where all members of the university are expected to acknowledge the original intellectual work of others that is included in their own work. In some cases, plagiarism may also involve violations of copyright law. Intentional Plagiarism-Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one's own without providing proper attribution to the author through quotation, reference, or footnote. Inadvertent Plagiarism-Inadvertent plagiarism involves the inappropriate, but non-deliberate, use of another's words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply not being sufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether they are providing proper attribution have the responsibility to consult with their instructor and obtain guidance. Examples of plagiarism include: Direct Plagiarism-The verbatim copying of an original source without acknowledging the source. Paraphrased Plagiarism-The paraphrasing, without acknowledgement, of ideas from another that the reader might mistake for the author's own. Plagiarism Mosaic-The borrowing of words, ideas, or data from an original source and blending this original material with one's own without acknowledging the source. Insufficient Acknowledgement-The partial or incomplete attribution of words, ideas, or data from an original source. Plagiarism may occur with respect to unpublished as well as published material. Copying another student's work and submitting it as one's own individual work without proper attribution is a serious form of plagiarism.

Respectful Environment

"Sadly, from time to time, we do hear reports of those who are at best insensitive and at worst insulting in their comments to and about others... We hear derogatory and sometimes even defamatory comments about those with different political, athletic, or ethnic views or experiences. Such behavior is completely out of place at BYU, and I enlist the aid of all to monitor carefully and, if necessary, correct any such that might occur here, however inadvertent or unintentional. "I worry particularly about demeaning comments made about the career or major choices of women or men either directly or about members of the BYU community generally. We must remember that personal agency is a fundamental principle and that none of us has the right or option to criticize the lawful choices of another." President Cecil O. Samuelson, Annual University Conference, August 24, 2010 "Occasionally, we ... hear reports that our female faculty feel disrespected, especially by students, for choosing to work at BYU, even though each one has been approved by the BYU Board of Trustees. Brothers and sisters, these things ought not to be. Not here. Not at a university that shares a constitution with the School of the Prophets." Vice President John S. Tanner, Annual University Conference, August 24, 2010
