

Curriculum Vitae for Christopher Dromey

Education

1992-1995	University of Colorado at Boulder Ph.D. in Speech Pathology/Speech Science.
1987-1990	State University of New York at Buffalo MA in Speech-Language Pathology.
1983-1985	Brigham Young University BA in German. Magna cum laude. Dean's list.
1979-1981	Brock University Two years completed.

Professional Experience

September 2008 to present	Professor Brigham Young University - Communication Disorders
September 2003 to Aug 2008	Associate Professor Brigham Young University - Communication Disorders
June 2000 to Aug 2003	Assistant Professor Brigham Young University - Communication Disorders
September 1996 to May 2000	Speech Scientist Toronto Western Hospital - Department of Speech-Language Pathology
September 1996 to May 2000	Assistant Professor University of Toronto - Department of Speech-Language Pathology
September 1995 to July 1996	Research Associate University of Colorado, Boulder
September 1992 to August 1995	Research Assistant University of Colorado, Boulder
July 1990 to July 1992	Speech-Language Pathologist Royal Victoria Hospital, Barrie, Ontario
Sept. 1989 to June 1990	Research Assistant State University of New York at Buffalo

Invited Lectures

- Dromey, C. (2017). Association between kinematic and acoustic measures of diphthong production. Acoustics Research Group, Brigham Young University.
- Dromey, C. (2017). Speech and swallowing in Parkinson's disease. PD support group, Provo, UT.

- Dromey, C. (2016). Speech and swallowing in Parkinson's disease. PD support group, Provo, UT.
- Dromey, C. (2015). Speech and swallowing in Parkinson's disease. PD support group, Provo, UT.
- Dromey, C. (2015). Speaking while doing other things. Presentation to the New Zealand Institute of Language, Brain and Behavior, Christchurch, New Zealand.
- Dromey, C. (2014). Speech and swallowing in Parkinson's disease. Keynote address at the Parkinson's Disease Symposium, University of Utah.
- Finan, D., Tasko, S., Dromey, C. Mandalak, K. & Neel, A. (2013) Speech Science: Does Anybody Know How to Teach This Stuff? Panel presentation at the Annual Convention of the American Speech-Language-Hearing Association in Chicago, IL.
- Dromey, C. (2012). Vibrato and vocal tremor: Similarities and differences. Presentation at the University of Memphis.
- Dromey, C. (2010). Making the unintelligible intelligible. Panel presentation at the Annual Convention of the American Speech-Language-Hearing Association in Philadelphia, PA.
- Patel, R., Parham, D., & Dromey, C. (2009). Think tech: Using everyday technologies in the motor speech clinic. Presentation at the Annual Convention of the American Speech-Language-Hearing Association in New Orleans, LA.
- Dromey, C. (2008). Neurological voice and speech disorders. Seminar presented to speech language pathologists at La Trobe University, Melbourne, Australia.
- Dromey, C. (2007). Measuring speech acoustics: relevant parameters for movement disorders. Paper presented at the 1st International Symposium on Basal Ganglia Speech Disorders and Deep Brain Stimulation in London, England.
- Dromey, C. (2002). Manipulation of loudness in the treatment of dysarthria. Short course presentation at the annual convention of the American Speech-Language-Hearing Association in Atlanta, GA.
- Dromey, C. (1998). Research methodologies and statistics: What the health care professional needs to know. ABCs of Research Conference, Rehabilitation Institute of Toronto.
- Dromey, C. (1996). Changes in speech intensity: Some causes and effects. Paper presented at the ASHA Annual Convention in Seattle, WA.

Courses of Instruction

Voice Disorders, University of Toronto, 1997, 1999, 2000

Voice Disorders, Brigham Young University, 2000 to 2011

Motor Speech Disorders, Brigham Young University, 2000 to present

Speech Science, Brigham Young University, 2001 to present

Graduate Seminar in Speech Physiology, Brigham Young University, 2001-2002.

Dysphagia management, Brigham Young University, 2004 to 2011

Medical Speech-Language Pathology, 2009 to present

Awards

2015 Steven M. Rose Teaching and Learning Fellowship - Brigham Young University

2008 Nancy Peery Marriott Outstanding Scholar - McKay School of Education

Research Grants

2018 McKay School of Education, Brigham Young University
Articulatory adaptation to a static perturbation - \$4,950

2017 McKay School of Education, Brigham Young University
Perceptual and acoustic correlates of aging - \$4,800

2014- McKay School of Education, Brigham Young University
2015 The role of phonation in articulatory coordination - \$22,200

2013 McKay School of Education, Brigham Young University
Divided attention effects on speech motor performance - \$8,400

2009 McKay School of Education, Brigham Young University
Exercise training and motor learning in Parkinson's disease - \$7,180

2008 McKay School of Education, Brigham Young University
Deep brain stimulation and speech changes in Parkinson's - \$6,985

2007 McKay School of Education, Brigham Young University
Impact of deep brain stimulation on speech in Parkinson's - \$6,720

2006 McKay School of Education, Brigham Young University
Laryngeal level amplitude modulation - \$3,650

2006 Office of Graduate Studies, Brigham Young University
Mentoring award - Neurosurgery impact on speech - \$4,000

2005 McKay School of Education, Brigham Young University
Resource allocation and hemispheric localization - \$4,176

- 2004 Mentoring Environment Grant, Brigham Young University
Correlating lip shapes with tongue contact patterns - \$18,600
- 2004 McKay School of Education, Brigham Young University
L1/L2 articulatory kinematics in bilinguals - \$3,716
- 2003 McKay School of Education, Brigham Young University
Speech and concurrent task interactions - \$5,766
- 2002 McKay School of Education, Brigham Young University
Resource allocation in speech production - \$5,800
- 2001 McKay School of Education, Brigham Young University
Training the voice: vocal pedagogy and speech pathology - \$12,760
- 1999- Natural Sciences and Engineering Research Council (NSERC)
2000 Coordination and consistency in speech - \$26,250
- 1998 Faculty of Medicine, University of Toronto - \$10,000
Articulatory kinematic behaviour in two types of speech therapy for dysarthria
- 1997 Cummings Foundation - \$25,000
Autophonic scaling and loudness perception in speakers with Parkinson disease
- 1997 American Speech-Language Hearing Foundation - \$5,000 awarded, declined
Loudness perception in speakers with Parkinson disease

University Citizenship

- Fall 2017 Chair, Department Faculty Search Committee
- Fall 2016 Member, Department Strategic Planning Committee
- Fall 2016 Member, Department Welfare Committee
- Fall 2017 Chair, McKay School Faculty Advisory Council
- Fall 2016 Member, McKay School Faculty Advisory Council
- Winter 2016 Chair, Department Faculty Search Committee
to Fall 2016
- Fall 2015 Member, McKay School of Education Rank and Status Committee
- July 2012 Member, Department Chair Coordinating Committee
to June 2015

Fall 2009 to June 2015 Chair, Department of Communication Disorders

Fall 2007 to Fall 2009 Chair, BYU Institutional Review Board for Human Subjects

Fall 2005 to Fall 2007 Member, BYU Graduate Council

Fall 2005 to Fall 2007 Member, BYU Academic Review Committee

Fall 2002 to Fall 2005 Member, BYU Institutional Review Board for Human Subjects
