## **Education**

PhD, Brigham Young University (Provo, UT), Department of Instructional Psychology & Technology, 2006

Dissertation Title – Technology I, II, and III: Criteria for Understanding and Improving the Practice of Instructional Technology

Major Professor: Andrew S. Gibbons

MS, Brigham Young University (Provo, UT), Department of Instructional Psychology & Technology, 2003

Thesis Title – The Rise and Fall of Programmed Instruction: Informing Instructional Technologists Through a Study of the Past

Major Professor: Russell T. Osguthorpe

BS Magna cum Laude, Brigham Young University (Provo, UT), Department of Sociology, 1999.

Minor: Business Management; Member: Phi Kappa Phi; Golden Key

## **Publications**

- McDonald, J. K. (2005, November). *Using collaborative educational tools*. Presentation at the 2nd Annual BYU Teach-nology Conference, Provo, UT.
- McDonald, J. K. (2005, November). *A multimedia lesson on random sampling*. Presentation at the 2nd Annual BYU Teach-nology Conference, Provo, UT.
- Gibbons, A. S., McDonald, J. K. (2005, June). *Technological gravity*. Paper presented at the Global Chinese Conference on Computers in Education (GCCCE) 2005, Laie, HI.
- Granata, G. G. & McDonald, J. K. (2004, March). *Usability concerns of the Blackboard Content Management System*. Paper presented at the Annual Blackboard Users Conference, Phoenix, AZ.
- Waddoups, G. L. & McDonald, J. K. (2003, October). *Practical considerations for designing, documenting, and developing learning objects*. Presentation at the BYU Instructional Psychology & Technology seminar, Provo, UT.

## University Teaching

### Undergraduate

- Instructional Technology in Special Education
- Instructional Technology in Teaching
- Instructional Design for Business and Non-Profits

### Graduate

- Advanced Instructional Design
- Design Theory
- Emerging Perspectives in Learning and Instruction
- Introduction to Instructional Design
- Instructional Simulations
- Principles of Learning
- Project Management
- Using Media for Culture Change

## University Work Experience

### **Associate Teaching Professor, Brigham Young University (Provo, UT), 2016 – Present**

Teach undergraduate and graduate courses on topics such as instructional design, learning theory, using media for culture change, and emerging issues in design fields. Oversee department internship and seminar programs. Perform community outreach. Explore areas of emerging interest to the department (e.g. developing new experiences for first-year students).

### **Instructor, Brigham Young University (Provo, UT), 2004 – 2012**

Teach undergraduate and graduate courses on topics such as technology integration in public schools, learning theory, using media for culture change, and emerging issues in instructional design.

### **Instructional Design Consultant, Brigham Young University (Provo, UT), 2006 – 2007**

Consultant to academic leaders (deans, department chairs) and faculty, to help them plan learning improvements in their colleges, departments, or courses.

### **Instructional Media Center Manager, Brigham Young University (Provo, UT), 2004 – 2006**

Responsible for hiring, training, and supervising 20 – 30 part-time instructional media producers, who designed and developed educational multimedia and video projects.

### **Instructional Technologist, Brigham Young University (Provo, UT), 2002 – 2004**

Responsible for designing instructional media projects for university faculty; advised faculty members on distance education course production.

## Grants and Awards

### Research Grants

- 2019 – 2022, Collaboration in the Future of Work: Developing Playable Case Studies to Improve STEM Career Paths, NSF Grant 1915620 (Co-PI): \$521,418

### Teaching/Student Mentoring Grants

- 2021, Teaching Instructional Design Graduate and Undergraduate Students About Developing In-Person, Interactive Learning Experiences 2020: \$13,436
- 2019, Teaching Instructional Design Graduate and Undergraduate Students About Developing Interactive, Informal Learning Experiences 2018: \$16,635
- 2018, Teaching Instructional Design Undergraduate Students About Developing In-Person, Interactive Learning Experiences 2018: \$13,012
- 2018, Improving Professional Development for Instructional Design Graduate Students: \$9,750
- 2018, Teaching Instructional Design Graduate Students About Developing In-Person, Interactive Learning Experiences: \$1,700
- 2018, Graduate Student Travel to AECT Summer Research Symposium: \$982

### Awards

- 2020 Design & Technology Outstanding Design Case Award, Design and Technology SIG, American Educational Research Association (awarded for the paper *Designing for informal learning: The case of a mobile eReader*)

## Industry Work Experience

### **Manager of Interactive Design & Animation, LDS Motion Picture Studio (Provo, UT), 2016**

Oversaw design and production of interactive exhibits (both digital and physical). Oversaw production of 2D and 3D animation. Managed staff of senior media professionals.

### **Digital Product Director, Deseret Book Company (Salt Lake City, UT), 2013 – 2016**

Oversaw the development, sale, and evaluation of all digital products sold by Deseret Book, including the flagship product, the Deseret Bookshelf mobile eReader app. During my tenure, Deseret Bookshelf received customer ratings of 4.4 on the Google Play store (out of 5) and 4.5 on the Apple App store (out of 5). Additionally, the app's install base increased by over 30%, to over 500,000 devices.

### **Portfolio Director, LDS Publishing Services Department (Salt Lake City, UT), 2012 – 2013**

Coordinated the largest educational media portfolio for The Church of Jesus Christ of Latter-day Saints: over 100 concurrent projects and over \$20 million in annual project budgets, in many media formats (print publications, mobile apps, films, interactive media, etc.). Team size fluctuated, but averaged 20 full-time and close to 30 part-time employees (plus contractors). During my tenure I increased customer satisfaction, on-time, and on-budget delivery to over 90%, from previous levels ranging from 50 - 75%.

**Chief of Staff, LDS Media Services Department (Salt Lake City, UT), 2011 – 2012**

Consulted with organization executives on all matters related to instructional media production, including process, finance, performance improvement, innovation, creativity, instructional design, and organizational culture.

**Director, LDS Motion Picture Studio (Provo, UT), 2010 – 2011**

Oversaw production of educational and motivational films, distance learning courses, instructional media objects, satellite-based training seminars, and other interactive media. Managed staff of senior media professionals.

**Executive Producer, LDS Motion Picture Studio (Provo, UT), 2008 – 2010**

Directed concept development for large or high-profile instructional media projects (websites with 300,000+ pages, 500+ interactive objects, etc.). Supervised the creation of an innovation culture for a large portfolio of instructional projects.

**Learning Design Consultant, Self-Employed, 2000 – Present**

Consulted on instructional product design with executives from for-profit, non-profit, and educational institutions. Carried out evaluations for executive-level employees in all sectors, of both course and program effectiveness.

**Training and Workshops****Accessibility Design Slam Workshop, 2019**

This half-day, face-to-face workshop helped attendees choose a policy issue, research topic, or other actionable goal they personally care about in the scope of accessibility in learning (particularly online learning). The rest of the workshop helped attendees scope the deliverable of their idea, plan how they would carry it out, and introduce them to publishing options to share their idea with others. Attendees left the workshop with at least a draft action plan for accomplishing their goals.

**Design Thinking for Instructional Designers Workshop, 2017 – 2019**

This full-day, face-to-face training taught design thinking principles to both practicing and academic instructional designers at the annual meeting of the Association for Educational Communications and Technology. I determined the training objectives, supervised material production, and conducted the workshop. Attendees left the workshop with ideas and supplementary materials that would allow them to implement the principles taught in the workshop when they returned to their jobs.

**Jobs-to-be-done Workshop, 2015**

This half-day, face-to-face training taught product developers the practical skills of customer research and product evaluation. I determined the training objectives, supervised material production, and jointly conducted the workshop with another facilitator. Attendees left the workshop with actual product ideas and features based on real customer research, that could be put into development and released in the following months.

#### Creativity Seminar, 2012-2013

This weekly, face-to-face seminar was designed for instructional product developers to stay current on techniques of creativity. Each week I chose an objective, researched background readings, and developed discussion topics to help attendees immediately put the ideas into practice. Attendees consistently reported using the topics we discussed in their daily practice, and found the seminar valuable enough to publicize it to their associates.

#### Personal Tech Training, 2005

This half-day, face-to-face training helped university faculty learn how to embed simple instructional technologies in their courses. I determined all training objectives, wrote all instructional material, supervised material production, and trained all other trainers. Over 40 faculty members participated, all of whom reported this training to be of practical benefit to help them improve their teaching.

#### University Course Redesign Workshop, 2004

This face-to-face workshop helped university faculty apply common instructional design principles in their courses, without abandoning effective practices or materials they may have already developed. I determined all training objectives, wrote over half of the training material and supervised the writing of other training material, and trained all other trainers. Attendees of this workshop reported it was superior to other instructional design workshops because of the focus on using as much existing material as possible, and because of the training philosophy that attendees could apply sound instructional design principles without abandoning all of their traditional practices.

#### Center for Instructional Design Technology Products, 2004 – 2006

The Center for Instructional Design offered training on a suite of educational technology products, including Blackboard, Macromedia and Adobe web development products, and Adobe graphic design products. During the time period specified, I determined the training strategy and provided final approval for all training materials developed under that strategy. I also supervised the production of all training materials, and trained all additional trainers who would be assisting faculty members with these products.

### **Professional Consulting (Sample Clients)**

#### Online Course and Multimedia Designers, LDS Business College, 2017

I worked with LDS Business College to develop an introductory course on hospitality and tourism management. The course also created the instructional and graphic style guides for four other courses that were packaged together into a certificate on hospitality and tourism management. During this engagement I also consulted with the college on how to effectively use instructional media in the developing world.

#### Creative Consultant, FamilySearch Discovery Center, 2013

I worked with FamilySearch to generate concepts for an informal, museum-like learning experience called a Discovery Center, that allows visitors to explore their personal family history.

Instructional Website Evaluator, Deseret Book, 2011

The Deseret Book Company hired me to evaluate the usability and soundness of the instructional strategies used in a “learning-centered” website they were launching to accompany their line of motivational, educational, and inspirational books.

Instructional Design Consultant, Nature’s Sunshine, Inc., 2007 – 2009

I advised senior management on online training practices. I identified strategies to improve existing online training modules. I analyzed audience and business needs to strategically plan for new module development.

Instructional Designer, Agilix Labs, Inc., 2006

I analyzed processes to support an online community of leisure activity hobbyists. I identified potential tools or strategies to help community members share information and resources in a mutually beneficial manner.

Online Course Evaluator, Monterey Institute for Technology and Education, 2004 – 2009

I evaluated high school and university courses for the MITE’s Online Course Evaluation Project, which provided information to the distance education community regarding the instructional and technological quality of their offerings. During the time period specified I evaluated over 30 courses for this organization.

Online Course Evaluator, Industrial Training Zone, 2004

ITZ developed online courses to train industrial workers in topics related to hydraulics, pneumatics, mechanics, and electrical systems. The company hired me to evaluate the effectiveness of their overarching instructional strategies. The results of my evaluation were used to direct the work of the first full-time instructional designers hired by the company.

Efficiency Consultant, LDS Foundation, 2002

The LDS Foundation solicits and manages donations for all subsidiaries of The Church of Jesus Christ of Latter-day Saints, including Brigham Young University. The Foundation asked me to review the efficiency of their trust donation process, which resulted in a streamlined procedure and simpler donation forms.

Instructional Designer, Millennium Tax Preparation, 2000

This company produced instructional guides for help individuals properly prepare their U.S. tax returns. They hired me to conduct a quality review the instructional objectives, content, and assessment instruments created by another team of instructional designers. Where necessary, I also rewrote objectives, content, or assessment items.

## **Service**

### **Brigham Young University, Provo, UT**

Liaison, Department of Instructional Psychology & Technology Adjunct Faculty Coordination, 2020 – Present

First point of contact with adjunct faculty; train new adjuncts; conduct yearly stewardship interviews; coordinate with adjuncts at the beginning of each semester they teach;

mediate issues between adjuncts and students; miscellaneous other assignments to help improve the adjunct experience.

Chair, Department of Instructional Psychology & Technology Curriculum Committee, 2019 – Present

Prepare materials for standard curricular changes; prepare proposals for changes to design and research curriculum tracks; consult with staff from the Center for Teaching and Learning or other stakeholders on proposed changes; help create schedule of online/blended course offerings, new semester schedules and other materials that support proposed online path to MS degree (see Future committee assignment below); coordinate annual Closing the Loop process; coordinate work of support staff to automate data gathering and associated needs for Closing the Loop and other curricular processes.

Member, Department of Instructional Psychology & Technology Future Committee, 2019 – Present

Conduct research, host experts, and prepare options for an online path for students to complete an MS degree.

Member, Department of Instructional Psychology & Technology Alumni Committee, 2019 – Present

Plan how to reach out to alumni to keep them connected with the department.

Member, Department of Instructional Psychology & Technology Marketing Committee, 2019 – Present

Plan how to increase awareness of department programs, along with recruiting high-quality applicants.

Program Coordinator, Department of Instructional Psychology & Technology Design Thinking Minor, 2017 – Present

Student advising, program marketing, general administration, as well as working with cross-department partners to oversee the program and its growth.

Chair, Department of Instructional Psychology & Technology Special Projects Committee, 2016 – Present

Develop proposal for a new minor in design thinking; develop proposal for a new studio classroom/teaching space for the IP&T department.

Member, Experiential Learning Summit Planning Committee, 2020 – 2021

Serve as a member of the planning and promotion committee for this series of panels and other discussion forums, sponsored by BYU and attended by faculty and staff across the Experiential Learning Consortium.

Member, BYU ARTS Partnership Online Curriculum Committee, 2018 – 2019

Consult with BYU ARTS Partnership staff on technology needs for online curriculum; oversee vendor selection and evaluation process; assist in final vendor contracting decision.

Member, Experiential Learning Strategic Planning Group, 2018 – 2019

Assist personnel from the BYU Office of Experiential Learning develop a two-year strategic plan.

Member, Department of Instructional Psychology & Technology Curriculum Committee, 2016 – 2019

Review curriculum and course proposals, changes, etc. for the IP&T department; develop integrated, studio curriculum for 1<sup>st</sup> and 2<sup>nd</sup> year IP&T students.

Member, School of Education Technology Committee, 2006 – 2007

This committee reviewed technology and instructional media use in the School of Education. As a committee member I participated in policy discussions, researched potential services, and performed other duties as assigned.

Member, Teach-nology Expo Organizing Committee, 2004 – 2005

The BYU Teach-nology Expo was a local, instructional technology conference for university faculty. As a member of the organizing committee, I recruited presenters, trained conference staff, coordinated technology use, and performed other duties as assigned.

Member, Learning Management System Policy Committee, 2002 – 2005

This committee recommended policies and considered exceptions to policies for Blackboard usage at Brigham Young University's Provo, UT and Laie, HI campuses. As a committee member I drafted policy statements, explained policies to faculty members and administrators, and performed other duties as assigned.

Chair, Center for Instructional Design Hiring Committee, 2003

The university's Center for Instructional Design was responsible for developing instructional media for all full- and part-time faculty members. I chaired the search committee for a new instructional designer in the fall of 2003, by selecting the search committee, screening applicants, directing the interview process, and recommending a final candidate for hire.
